Hi [REDACTED]

I do hope you are feeling better today... Unfortunately it looks like you are 'on the hook' for standby this coming weekend. As [REDACTED] is still heavily engaged with the River fire, I wanted to run this past you (and [REDACTED]) to see how we want to proceed... I'm thinking that you ([REDACTED]) may want to take this up as it will likely be the 'stuff' of this coming weekend, and in theory the River fire requests will become less frequent and less elaborate?

Thoughts?

Thanks,

[REDACTED]

Can we have your GIS Team begin making a map for the "Dixie Fire" in Butte county, located on HWY 70 near the Cresta Dam? I've attached a polygon I received from a CAL FIRE IR flight from 5 AM. Have whoever you assign call me and I'll put together a distribution list for them to send the completed project to.

Thank you,
